

## **ERICA PEDERSON**

Born in Detroit, MI, Erica was born to dance, falling in love with any kind of dance she was exposed to. Earning her Bachelor of Fine Arts from Western Michigan University, she has continued her education by following her dream to New York. There she performed with KDN Dance and shortly after joined the cast of The Aluminum Show as a principal performer leading her to perform internationally throughout Canada, Spain, Italy, and Russia. She has now returned to Michigan teaching at The Dance Zone. A contemporary Einstein, her movements incorporate a wide range of styles forcing a dancer to use all elements of her body and mind. She appreciates passion, hard work, and a really great red lipstick.
