

HAILEY DENTON

Ever since Hailey was a little girl, she wanted to be a professional dancer and her dream is now a reality. She started her career at age 16 with one of America's best theme parks, Silver Dollar City in Branson, MO. She also worked with Illusionist Rick Thomas touring across the country with that show, as well as a residency in Branson. For the past 7 years, Hailey has been dancing in Clay Cooper's Country Express. She worked with some of the best dancers in the industry. She loved performing with this show, learning a lot about partnering and lifts. In that same time, she's performed on the Showboat Branson Belle, choreographed and staged commercial content for Silver Dollar City, and taught full time at a local studio. Currently, Hailey works at Silver Dollar City as a Saloon dancer. In her spare time, she also teaches line dancing at weddings, group events and birthday parties where she gets to share her love for dance with everyone. Even if they say they have two-left feet, everyone can dance! Hailey started teaching and choreographing all styles of dance when she was 16. Although she loves all styles, tap has a special place in her heart. She started competing at age 12, going to multiple competitions, including Talent on Parade. She choreographed her tap solos, placing in the Top 10 and winning many national titles. She also has choreographed many competitive group pieces. Hailey is so excited to be a part of the TOP staff for this full circle moment, watching the next generation of dancers and helping them become the absolute best they can be.
